Greetings Jillian!

Enclosed please find the 2009-2010 member list for the Social, Behavioral, and Educational Research Institutional Review Board (SBER IRB) for the Medford campus.

For the year 2008-2009, (please note we do not hold meetings in August, so those numbers are added to September) the SBER IRB had:

For Full Committee:

- 15 new protocols for full committee review;
- 10 continuing protocols; and
- 6 protocols with modifications.

Also:

There were

- 117 new expedited protocols;
- 98 continuing expedited protocols;
- 158 protocols with modifications;
- 168 exempt reviews; and
- 80 excluded reviews.

All members of the faculty who serve on the SBER IRB give of their own personal time and expertise to insure that all human subjects who participate in research are fully protected and all regulations of the federal government are up held.

It is my deep honor to serve as chair of such a committee.
