

PROGRAMS IN THE FRENCH ALPS | SCHOLARSHIP FORM

PURPOSE AND ELIGIBILITY

Scholarships of \$500–\$2000 are awarded each summer based on academic merit and financial need. Factors taken into consideration for scholarship awards include G.P.A., civic-mindedness, travel experience, the scholarship essay and the scholarship interview. Scholarships are available only to current Tufts University students and to qualified high school students applying to the Tufts Summit Program. Priority for the MacJannet and Simches Scholarships is given to those Tufts University students with at least a 3.0 cumulative G.P.A. who receive financial aid. Scholarship applicants must submit a completed registration form and the \$75 registration fee. MacJannet Scholarship applicants will be asked to come in for an interview as part of the decision process.

MACJANNET SCHOLARSHIPS

The MacJannet Scholarships are awarded annually to promote international understanding through summer study abroad. These scholarships are named in honor of Donald and Charlotte MacJannet, the Tufts alumnus and his wife who made the Tufts Summer Programs in the French Alps possible by donating the building and grounds which now comprise Tufts' campus in the Talloires. Students awarded MacJannet Scholarships are required to work several hours per week during the Tufts in Talloires program by assisting with program administration or with community-service projects.

SEYMOUR SIMCHES SCHOLARSHIP

The Simches Scholarship is named after Professor Seymour Simches, the first director of the Talloires Program, and is awarded to a Tufts student who displays a strong desire to improve his/her French by participating in the Tufts in Annecy program.

KAUFMAN SCHOLARSHIP

The Kaufman scholarships are awarded annually to deserving young students chosen to participate in the Tufts Summit Program in Talloires. These scholarships are named in honor of Richard and Elaine Kaufman (J46), who created an endowed fund to support and promote international understanding by encouraging American students to study at the Tufts European Center and live with French families.

OTHER FORMS OF FINANCIAL AID

Eligible students may receive federal financial aid when participating in approved study abroad programs. Summer Programs in the French Alps qualify because credit is awarded directly by Tufts University. Those federal aid programs that students may use include the Pell Grant, Perkins Loan and Family Loans (unsubsidized Stafford, subsidized Stafford, and PLUS). For more information, consult your college financial aid officer. Please review the scholarship information on the previous page before completing this application. Return with a completed Summer Programs in the French Alps registration form, a completed housing form, and the \$75 registration fee. Incomplete scholarship applications will not be considered.
