

GBAC CALL FOR PAPERS 2009

Wellesley College will host the 6th annual GBAC (Greater Boston Anthropology Consortium) conference in February, 2009.

We invite proposals from undergraduate and graduate students, anthropology majors or those taking anthropology courses, to submit abstracts for consideration. Submissions from all four fields - biological anthropology, cultural anthropology, archaeology, and linguistic anthropology - are welcome. We will also consider alternative media such as poster presentations or film/video. Presentations will be 15 minutes long.

To be considered, please submit an abstract by email of about 300 words and a short biographical paragraph by Friday, December 5 to Sarah Pinto, sarah.pinto@tufts.edu

If you have any questions about submissions or writing an abstract, please contact Assistant Professor Sarah Pinto by email.
