

General Physiology II – Bio 116 Spring 2009

Professor David Cochrane

Office: 117 Barnum Hall

X 73197 david.cochrane@tufts.edu

Cochrane Office hrs: Tuesday 9:30a.m-10:30a.m. or by appointment

Professor Harry Bernheim

Office: 105 Barnum

X 73187 harry.bernheim@tufts.edu

Bernheim Office hrs: M 4-5; Tu 2-3; W 3-4

Textbook: *Principles of Human Physiology*, Stanfield and Germann
Third edition. Pearson/Benjamin Cummings

Jan.	W	14	Intro. to the Endocrine System - Receptors
	W	21	Pituitary – Hypothalamus – Adrenal
	M	26	Thyroid – Parathyroid
	W	28	Parathyroid
Feb.	M	2	Neurophysiology – anatomy, resting potential
	W	4	Action potential – synaptic transmission
	M	9	Synaptic transmission
	W	11	Exam I
	M	16	<i>Presidents' Day – No class</i>
	W	18	Autonomic Nervous System (Prof. B.)
	TH	19	<i>Tufts Monday</i> – Skeletal Muscle (Prof. B.)
	M	23	Skeletal Muscle (Prof. B.)
	W	25	Sensory Physiology – Stretch Receptors, Reflexes
Mar.	M	2	Vestibular Apparatus
	W	4	Control of Movement
	M	9	Taste and Olfaction
	W	11	Exam II
		16-22	<i>Spring Break</i>
	M	23	Hearing (Prof. B.)
	W	25	Vision (Prof. B.)
	M	30	Vision (Prof. B.)
April	W	1	Gastrointestinal Physiology

M	6	Gastrointestinal Physiology
W	8	Gastrointestinal Physiology
M	13	Gastrointestinal Physiology
W	15	Gastrointestinal Physiology
<i>M</i>	<i>20</i>	<i>Patriots Day – No Class</i>
W	22	Energy Utilization (Prof.B.)
M	27	Energy Utilization (Prof.B.)

Exam III—during the final exam period: Monday, May 4th, 12-2pm.
