

*Errata* in FROM BACTERIA TO BACH AND BACK, as of April 12, 2017:

1. Accent on p13 (è fatta)

--thanks, Doug Hofstadter

2. p39, Jack Michael, not Lou Michaels and in index 465

--thanks, Arthur Falk, email 2/24/17

3. page 141 in caption on Figure 7.1. There "differences" is written with only one "f".

--thanks, David Strohmeier. 2/25/17

4. Fermilab, not Fermi Lab on p95 and index 458,

--thanks, Thomas Frikker , 2/14/17

5. missing word, "men" on p329

--thanks, Paul Oppenheim 2/2/17

6. On page 153, fn 39, delete the parenthetical statement in this sentence:  
An interpreted language in effect compiles each instruction as soon as it is composed (sometimes called "just-in-time compiling").

--thanks, Allan Schiffman 3.1.17

7. Pinker, 2010, mentioned on p260, is missing from the references. It is "The cognitive niche: evolution of intelligence, sociality, and language," PNAS [Proc. Natl Acad Sci] May 11, 2010 | vol. 107 | suppl. 2 | 8993-8999

--thanks , Mattijs Glas.

8. p276 Bybee 2006 is not in references. The reference is

Bybee, Joan, 2006, "From Usage To Grammar: The Mind's Response To Repetition" *Language*, **82**, 4: pp711-33.

--thanks, Enoch Lambert

9. p191 delete the left parenthesis before "We"

--thanks, Justin Zazlavsky

10. p13. Corriere della Sera (not Serra)

--thanks, Maurizio Bardelli
