

Please Join Us in Celebrating a Remarkable Alumni Artist and  
A Powerful, Thought Provoking Exhibit Challenging Your  
Perceptions on Mental Health with  
Closing Reception and Artist's Tour

Monday, March 25<sup>th</sup> 5:30 – 7:30 PM  
574 Boston Ave., Medford Campus

[Click Here To RSVP or Email: ch@tufts.edu](#)

Join President Monaco and Tufts Alumni for a very special evening including reception and tour of the art exhibit [The Many Faces of Our Mental Health](#), developed to address the stigma associated with mental health with SMFA alumni, artist Lynda Cutrell. This special evening will be a celebratory event, exploring through art a health issue that directly impacts one out of four Americans, as well as their loved ones. Come for an evening of learning, inspiration and company of each other. For the past two months, the Community Health Department at Tufts University has hosted this remarkably powerful art exhibit, as part of a collaborative initiative, [Stigma Unstuck: A Mental Health Art Series at Tufts](#). This is the last night the exhibit can be seen on the Tufts campus.
