END OF THE APPLICATION

The run down: Living in the Crafts House is a lot of fun and it's also a time commitment. Once a week, you cook dinner (with two other crafties) for 2 hours, and also volunteer at the Crafts Center (with one or two other crafties) for 3 hours. In addition, once a week, there is a house-wide meeting that lasts for about 1 hour. So, let it be known that by applying to the Crafts house, you are also agreeing to commit at least 6 hours per week to the house. Fortunately those 6 hours are filled with enjoyable things, like making stir fries & dressing up, so if you have the time they are things to look forward to.

These last few question have no bearing on whether or not you get into the house. They are just a few things we would like to know that would help us find a good fit for you in the house if you do get in.

1. Are you a smoker? Could you live with a smoker?
2. What are your sleeping patterns? Early to bed, early to rise or do you like to stay up and sleep in? Something in between? (give approximate times)
3. Are you a vegetarian? Vegan? Meat Lover?
