Eliot-Pearson Children’s School Summer Program is committed to providing an anti-bias, developmentally appropriate curriculum. The program provides a safe, supportive environment in which children can enjoy the magical, carefree quality of the summer. The program staff includes teachers and students affiliated with the Department of Child Development at Tufts University as well as from other settings.

Our program focuses on activities that promote cooperative problem solving and building confidence through individual and group challenges.

The campus includes our air-conditioned school, an indoor pool, and two large play yards with water features, sand, mud, swings, tricycles, and scooters. Throughout the summer, we use the Tufts University Hamilton Pool (located next to the Eliot-Pearson Children’s School) three mornings and two afternoons a week. In addition to the program staff, we have lifeguards on duty at all times at the pool. Children wear PFDs that they bring from home for this recreational swim activity.

This summer our Activities and Themes will be based around Art, Music and Nature! Get ready to dig in the garden, sing out loud and make new friends!
