

Summer English Language Programs

OVERNIGHT PERMISSION FORM

The Tufts Summer English Language Programs provide students with a living situation similar to that of a first-year university student. Students are expected to manage their own time, choose their own activities, and behave responsibly without extensive adult supervision. Students under 18 years of age may leave campus overnight on Fridays and Saturdays – **with a chaperone 26 years of age or older and one familiar to the family** - if they have written parental permission on file and complete an Overnight Request Form at least 2 days prior to their expected departure. This form is available at the residence hall reception desk and must be submitted to the Residence Life Staff for approval. Any student who fails to comply with the overnight sign out policy will be subject to discipline and possible termination from the program.

Please note that while we will ensure all students are informed of our overnight sign-out policies, we cannot assume responsibility for students who disregard them and leave campus without informing the necessary staff.

Parents/Guardians should complete the following if the student is authorized to leave campus for overnight trips. The student must also submit an “Overnight Request Form” at least 2 days prior to their expected departure.

I, _____, grant permission for my son/daughter

_____, to stay overnight off-campus and understand

that it is his/her responsibility to follow all sign-out procedures posted in the residence hall. I release

Tufts University from any liability related to or arising from my son/daughter leaving campus

overnight.

Parent/Guardian Signature: _____ Date: _____

Student Signature: _____ Date: _____
