

Tufts University  
Faculty Advisory Board for Administration Report  
2012-2013 Academic Year

For the 2012-2013 Academic Year position of Chair was held by George Norman.

The Board worked on one review this year, of Dean Linda Abriola, School of Engineering.

Preparation for conducting the review was undertaken during two meetings of the Board and in one meeting between the Chair of the Board and the Provost. The Board then had several “virtual” discussions in which we reviewed the responses and prepared a draft report. This was finalized during another meeting of the Board, with finishing edits conducted online.

The Chair of the Board presented the Board’s report to the Provost.

Respectfully submitted,

George Norman	Economics	Professor	Chair
Paula Aymer	Sociology	Associate Professor	
Maria Flytzani-Stephanoloulus	Chemical Engineering	Professor	
Steven Marrone	History	Professor	
Austin Napier	Physics, Astronomy	Professor
