Again, thank you to all those who participated in this election.

If you were not the winner in a particular election, runner-ups may still be called on to fill in as vacancies come up during the academic year so thank you in advance if that does occur.

And as a reminder, the committee preference survey will be issued sometime in the next two weeks, so you are encouraged to complete that even if you are going on leave next year. If we do not receive a survey from you, the Committee on Committees reserves the right to assign you to a committee.

Thank you!
