Report from the Academic Standing and Honors Committee 2005-2006

The Academic Standing and Honors Committee met before the November, February and May graduations to examine the dossiers of those students likely to satisfy the requirements necessary to graduate with Summa Cum Laude. After considering transcripts, departmental votes and letters of recommendation, the Committee presented those students that actually satisfy the requirements to the Faculty for a vote. This academic year a total of 115 students graduated Summa Cum Laude.

The Committee meets also after the end of each semester to identify those students who are having academic difficulty. Approximately, 150 students are placed on probation each semester. About half of these satisfy the requirements to be removed from probation at the end of the following semester while the other half continue and are normally moved to the next stage of probation. Eventually, this can lead to a temporary or even permanent withdrawal from Tufts.

Respectfully submitted
