

## Faculty Research Awards Committee (FRAC) Distinguished Scholar Award

- Recognizes one or two faculty members annually for outstanding research and scholarship.
- Research and scholarship of the last five years is the main basis for consideration, but overall scholarly contribution to the field is also considered.
- Departments are on a three-year alternating cycle whereby departments are broadly grouped into social sciences; arts and humanities; and natural sciences and engineering.
- The departments within the appropriate category are asked to nominate one faculty member during that year.
- More information can be found at FRAC's website, <http://ase.tufts.edu/frac/>.

### Past Award Winners

2017	Christos Georgakis, Chemical and Biological Engineering
2016	Peggy Cebe, Physics and Astronomy
2015	Gilbert Metcalf, Economics
2014	Joseph Auner, Music
2013	Michael Levin, Biology
2012	Phillip Holcomb, Psychology
2011	Ray Jackendoff, Philosophy
2010	Bruce Boghosian, Mathematics Gary Goldstein, Physics & Astronomy
2009	Richard Lerner, Child Development Yannis Ioannides, Economics
2008	George Smith, Philosophy Ina Baghdiantz-McCabe, History
2007	Maria Flytzani-Stephanopoulos, Chemical & Biological Engineering Eric Todd Quinto, Mathematics
2006	Jeffrey Berry, Political Science Klaus Miczek, Psychology
2005	Madeline Caviness, Art & Art History Christiane Romero, German, Russian & Asian Languages & Literatures
2004	Tony Mann, Physics & Astronomy David Walt, Chemistry
2003	Tony Smith, Political Science Maryanne Wolf, Child Development
2002	Jane Bernstein, Music Laurence Senelick, Drama & Dance
2001	Jacob Schneps, Physics & Astronomy
2000	Sugata Bose, History
1999	Daniel Dennett, Philosophy
1998	Lee Edelman, English
1997	Alexander Vilenkin, Physics
