Chinese FDI in Latin America: Does Ownership Matter?

Chinese OFDI is a new global trend that will increase in the short, medium and long-term. No country worldwide, neither China itself, nor the US or Mexico will be able to isolate from this global trend. Dr. Dussel will discuss how economies will respond to this profound and aggressive growth in the future. Will lassaiz faire, protectionism or ignorance prevail? Do we understand the source and characteristics of Chinese OFDI?
