Asian Studies Major

Request for Approval of Transfer Courses for Asian Studies credit

Courses taken outside the Tufts School of Arts and Sciences (e.g., at the Fletcher School, abroad, or at other U.S. colleges or universities) must be approved by the program for use in fulfilling the Asian Studies requirements. The Category III requirement must be fulfilled by a course taken on the Medford campus. The approval process is as follows:

**Step 1: Have the course approved for Tufts credit.** Tufts Abroad programs and courses taken at the Fletcher School are automatically granted credit, so no additional action is necessary to receive Tufts credit. Non-Tufts program course credits must be approved by departmental transfer of credit advisors. Please use the WebCenter Online Transfer of Credit process to obtain Tufts credit for these courses.

**Step 2: Obtain approval of the course for Asian Studies Major requirements prior to filling out your degree sheet.** Once you have completed Step 1, present a copy of your SIS transcript and the WebCenter proof of approval (for non-Tufts programs only) as well as a syllabus, course description, or reading list in English, along with this form, to the Asian Studies coordinator.
