#### Mission Statement

The German House serves as a group living arrangement for students with demonstrated interest in the language and cultural history of Germany and German speaking countries. Students living in the house host *Filmabend* and *Kaffeestunde*; and are expected to actively participate in these events as well as any other events sponsored. An important purpose of the House is to bring German culture to the Tufts campus through events planned by residents of the House. Preference is given to students who study or speak German, but language knowledge is not an absolute prerequisite.

#### House Accommodations

The House is conveniently located at 21 Whitfield Road, in the center of the Tufts campus. It is a three story house, accommodating seven students in single rooms. A living room, and a large kitchen are on the first floor. There is a front porch, yard, and laundry facilities in the basement. Custodial services are provided.

#### Participation in House Activities

As a Small-Group Housing Unit, the German House is required by the University to organize certain events each semester. These must include social and educational events, and a community outreach activity. At the German House, these requirements have been met through cultural dinners, film presentations, lectures and concerts, parties, tutoring and volunteer work. Often events are sponsored jointly with other Tufts organizations. **Residents of the House are expected to help plan and organize events sponsored by the House. The input of all House members is necessary to make events successful.**

#### House Management

The House Manager is selected by the German Program and is responsible for various administrative functions and for implementing programming. In this capacity, the Manager serves as the contact person for the House Advisor (a faculty member from the German Program) and Residential Life. Residents must be willing to assist the Manager in fulfilling these obligations.

If you are interested, please detach this information sheet, and submit the attached application (Be sure to fill out both sides.)
