Spring 2010 New Curriculum Course Announcement

This SPRING 2010 Course Announcement lists IR CORE requirements followed by CONCENTRATION requirements. PLEASE refer to the IR website at <http://ase.tufts.edu/ir/> for a full description of the IR requirements. You can find a quick reference to FAQs at the following site:
<http://ase.tufts.edu/ir/aboutRequirements.htm>

Included in this announcement:

- I. IR Special Courses
- II. Spring 2010 IR Approved Courses

IMPORTANT REMINDERS:

When registering for courses, remember to DOUBLE-CHECK with the department listings and SIS for any changes that may have occurred since the publication of this announcement. Changes often occur right up to the opening day of registration.

The IR Program offers **Special Courses** that, while optional, are closely integrated with program requirements. They provide alternatives designed to enhance a major's course of study—especially by supporting student pursuit of research, or independent work under the guidance of IR Core Faculty members.

1. International Research Colloquium

This course encourages students to approach their study abroad or other international programs as opportunities to conduct quality research that might later form the basis of a senior project, research seminar paper or thesis. We recall and build upon the basic analytical and research skills introduced through the college writing requirement and the introductory / foundation courses in the various disciplines that comprise the International Relations Program. International research poses specific practical, ethical, and cultural challenges. We raise those issues as part of the research process from an initial exploration of a project to the completion of a research précis. The course is co-taught by Profs. Richard Eichenberg and Jeanne Marie Penvenne. It is offered as a half credit course on a Pass-Fail basis. Course limit: 50

INTR 91 International Research Colloquium (cross listed with HIST 192)

2. Thematic Concentration Course Alternatives

One (1) of the courses required for a student's Thematic Concentration may be fulfilled by an academic project designed to deepen intellectual interests related to the concentration. Both the IR Internship and IR Independent Study require close collaboration with a member of the IR Core Faculty.

As these are high demand courses, if you intend to register for either alternative project, you must submit your proposal to the IR Program Office in Cabot 605, preferably before the end of the Fall semester. Please see the IR Handbook or the IR website (<http://ase.tufts.edu/ir/internshipPolicy.htm> and <http://ase.tufts.edu/ir/irIndependentStudy.htm>) for details and requirements.

INTR 99 IR Internship (High Demand)

INTR 194 Independent Study (High Demand)

3. Seminar Requirement Research Alternative

Students who do not find a suitable seminar to fulfill the IR Senior Seminar/Research Requirement or who for other reasons wish to satisfy the requirement through research may opt to complete a one-semester Directed Research Project. Directed Research is a significant research undertaking requiring the direct supervision of a member of the IR Core faculty.

As this is a high demand course, if you intend to register for a Directed Research project you must submit your proposal to the IR Program Office in Cabot 605, preferably before the end of the Fall semester. Please see the IR Handbook or the IR website (<http://ase.tufts.edu/ir/researchOppThesis-Directed.htm>) for details and requirements.

INTR 196 Directed Research (High Demand)

Spring 2010 New Curriculum IR Program Course Announcement

Core Requirement 1

PS061 Introduction to International Relations

Core Requirement 2

EC005 Principles of Economics

Core Requirement 3

EC060 International Economics
