Employment Opportunity
Rehabilitative Specialist

This opportunity is a service position with direct client care responsibilities. Direct service includes managing a caseload of twelve clients, assessment of clients’ needs and rehabilitative oriented case management. This position will develop Individualized Action Plans (IAP), as well as write progress notes, enter data, and review client progress.

Qualifications:

Bachelor’s Degree in Psychology or Human Services related field. Strong writing and documentation skills required. Experience in developing and writing treatment plans and assessments according to Medicaid Rehab Options a plus. Previous case management experience with seriously mentally ill adults preferred. Bi-lingual skills in English and Spanish preferred.
